

# Registering the ArTainium ICC Profile for the Epson Stylus C120

Sawgrass has developed two ICC profiles for the Epson C120 Printer. Both profiles are installed and registered using the directions on this page. The first profile - C120 ArTainium Classic provides a color output similar to the C88 ArTainium ICC profile. The second profile - C120 ArTainium IV provides a color output with denser blacks and sharper colors.

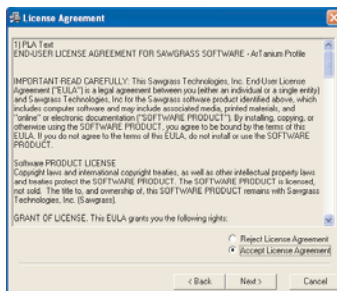

1. Insert the Color Correction CD provided with your ArTainium system into your computer. Choose the Epson C120 printer from the drop down menu.

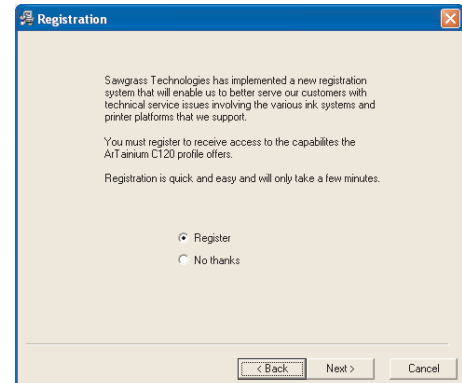

2. The CD will now automatically launch the program. The following window will pop up.

3. If you agree to the terms of the Licensing Agreement, **click the Accept License Agreement** radio button and then click **next**.

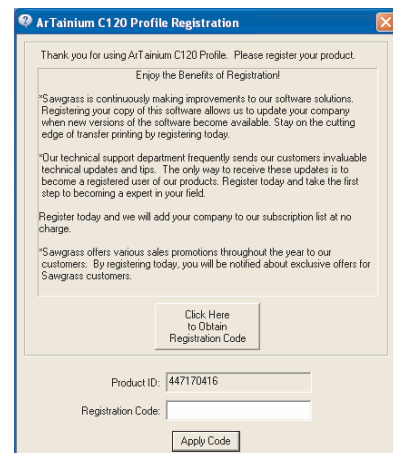

4. To register your profile, **click the Register** radio box and click on **next**.

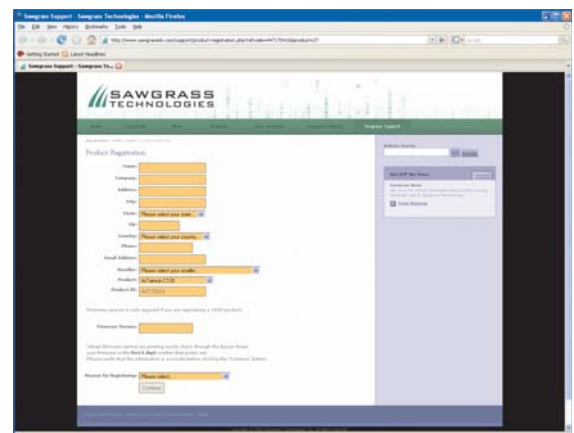

5. An **Artainium Profile Registration** pop-up screen will appear.

6. **Click** on the button labeled "Click Here to Obtain Registration Code".

7. This will open the product registration web page. Complete the requested information and **click Continue**.

8. You will need the Firmware Version number for your Epson C120 Printer. Click the Microsoft **“Start”** button, then **“Printers and Faxes”**. **Right Click** on the Epson C120 Printer. Select **Printing Preferences**. Select the **Maintenance** tab on the top menu bar.

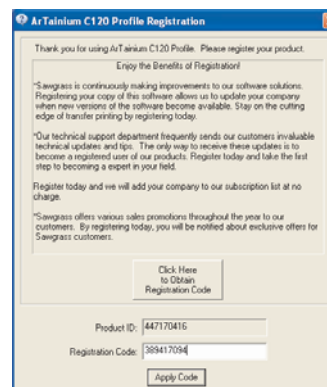

9. Click on the **Nozzle Check** button. Press **“Print”**. The printer will print a nozzle check pattern. Below the pattern are two sets of alpha-numeric coes. The first set of six alphanumeric digits is the **Firmware** number of the printer. (See graphic below )

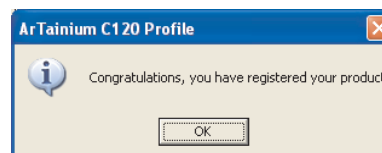

10. Type in this number in the required space on the Website Registration page. Click **“Continue”** at the bottom of the page. Once the registration has been completed, a **“Thank You”** message will appear. An email will be sent to the address specified. This web page can be closed.

11. Retrieve the registration email from your inbox and make note of the registration code given. Toggle back to the **ArTainium Profile Registration** screen and enter this number in the registration code box. **Click Apply Code** when complete.

12. A pop-up box will appear indicating that you have successfully registered your product. Click **“OK”**

13. The profile will now install on your system. When complete, the following pop-up box will appear.
